

THIRD ANNUAL BULL SALE

SELLING 80+ PUREBRED, REGISTERED BLACK ANGUS BULLS

FRIDAY, MARCH 13, 2026 • 1 PM

SHB Sale Barn, Reardan, Washington

just west of Spokane

WELCOME

FRIENDS & FELLOW CATTLEMEN TO THE

THIRD ANNUAL BULL SALE

FRIDAY, MARCH 13, 2026 • SHB ANGUS SALE BARN • 1323 N. WOOD RD. • REARDAN, WA

Hello fellow cattlemen!

Welcome to our Third Annual Bull Sale. SHB Angus in Reardan, Washington and Gardiner Prime Angus in Bonners Ferry, Idaho are proud to bring you the best of our programs this year. As you know, both of our programs' focus is herd improvement through genetic selection. Make no mistake, genetics are important. The Angus Association reports the value of genetics has come to be the primary differentiator in the marketplace. What has become remarkable in our business is the pace the bar is rising. We would all probably agree that excellent cattle 5 years ago are average cattle today. As breeders, we strive each year to improve the animal and its product -- tender and delicious meat, what Angus cattle are known for.

The Association tells us the improvements we make in the quality and efficiency of Angus cattle bring more dollars to the industry. And not only do Angus genetics relate directly to profitability, they are also the best way to mitigate risk. Over the years it has become apparent that genetics prove the accuracy of the EPDs we rely on. This allows us to concentrate our programs on the traits we seek to improve within an overall package that does not sacrifice the basic fitness of the animal that produces and nurtures each year's calves.

We are happy to present our respective top breeding bulls jointly for the third consecutive year. These sale bulls were developed together at SHB Angus for most of the winter. We are thankful for the overall good health they enjoyed this year. As last year, the sale will follow a video-only format with all sale bulls physically present at the SHB sale barn for viewing on sale day, or before. The sale facility and feed lot are conveniently located off N. Wood Rd. in Reardan, Washington. All sale bulls have been housed and fed at this facility. All visitors are welcome to view the bulls any time of day.

Come early, view the bulls and join us for lunch prior to the sale. Lunch will be served at noon with the sale starting at 1:00 p.m. DVAuction will be there to broadcast the sale live online. Videos of the bulls will be available approximately two weeks before the sale on the DVAuction website, also at SHBangus.com and Gardinerprimeangus.com. Come visit online or at our respective ranches and call us anytime. Thank you for your friendship and support. We look forward to visiting with you on sale day or before!

SHB ANGUS & GARDINER PRIME ANGUS RANCH THIRD ANNUAL BULL SALE

FRIDAY, MARCH 13, 2026

SHB Angus Sale Barn • Reardan, Washington *just west of Spokane*
1323 N. Wood Rd., Reardan, WA 99029

LUNCH AT 12 PM :: SALE AT 1 PM

SALE DAY PHONES:

Ed Gross.....(509) 979-9233
Eli Gross.....(509) 434-6244
Pat Gardiner.....(208) 290-4521
Glenn Ensz.....(208) 597-0617

DRIVING DIRECTIONS:

From Ritzville -- I-90 E toward Spokane. Go for 43.6 mi. Take Exit 264 toward WA-902 E/Cheney/Medical Lake. Go for .3 mi. Turn Left onto W. Salnave Rd (WA-902.) Go for 4.3 mi. Continue on WA-902. Go for .9 mi. Continue on S. Lefevre St. (WA-902.) Go for 1.5 mi. Turn Left onto W. Brooks Rd. Go for 4.8 mi. Turn Left onto W. Highway 2 (US-2.) Go for 2.0 mi. Turn right onto Wood Rd. Go 1.8 mi on Wood Rd. to sale barn on left.

From Spokane -- I-90 W to Spokane Airport/Davenport onto US-2 W. Go for 3.9 mi. Pass 2 roundabouts and continue on US-2 W. Go for 4.4 mi. Continue toward W. Highway 2/US-2. Go for 144 ft. Continue on W. Highway 2 (US-2). Go for 4.2 mi. Turn right onto Wood Rd. Go for another 1.8 mi. to sale barn on left.

LUNCH:

Complimentary lunch served at 12:00 p.m. in the sale facility.
Refreshments will be available sale morning and throughout the day.

AUCTIONEER:

Butch Booker, Colfax, WA..... (509) 989-2855

SALE DAY REPRESENTATIVES:

Rod Wesselman, Wesselman Livestock (509) 750-2185
Jake Pickering, Western Ag Reporter (530) 415-5484
Mark Frisbie, Special Assignment..... (208) 495-2601

The sale hosts or one of the sale representatives listed above will be available to provide feedback on the lots and handle phone bids during the sale.

HEALTH & FERTILITY:

Health certificates will be issued to all out of state buyers on sale day if bulls are loaded out that weekend. All bulls, regardless of age, have passed a semen test. Trich tests will be done as required to meet import regulations of the destination states.

WARRANTY:

All sale bulls are purebred Angus registered with the American Angus Association, and will sell according to the American Angus Association terms and conditions. All bulls are guaranteed against injury or death for the first breeding season. The seller will work with the buyer and either (1) replace the bull with a comparable animal if one is available or (2) credit the buyer with the purchase price, less salvage, at the next sale. All claims must be made in the same year the bull was originally purchased. Credit must be used in next year's sale.

LIVESTOCK INSURANCE:

Buyers assume all risk upon purchase and are encouraged to purchase insurance at the settlement desk. Insurance information will be available on sale day.

SUPPLEMENT SHEETS:

Scrotal measurements, lots out of the sale, additional performance data and ultrasound measurements will be available on sale day.

DELIVERY:

We encourage everyone to bring their trailer and take advantage of the \$50 per bull haul out credit. Bulls must be picked up after the sale or by appointment Saturday to qualify.

We plan to deliver bulls for free to central locations in Washington and adjacent states starting on or before April 1st unless you need your bull(s) quicker. Deliveries otherwise would be at cost.

If you wish to leave your bulls longer, please make arrangements directly with the individual partner(s) at time of settlement on sale day. If you purchase your bull(s) online or via a phone bid, we will contact you after the sale for delivery information.

TERMS AND CONDITIONS:

All settlements must be made with the clerk immediately following the conclusion of the sale. Terms of the sale shall be cash or bankable checks unless prior arrangements have been made in advance. Internet buyers will be invoiced. All supplements to the sale book or announcements made from the block take precedence over what is written in the sale book. Registration certificates will be transferred on all eligible animals.

INSPECTION OF CATTLE:

The bulls are on feed at the SHB Feedlot, 1323 N. Wood Rd., Reardan, WA, outside of Spokane just past Airway Heights, and may be inspected any time during the work day.

Please bring your sale book with you to the sale. Videos of the sale lots will be posted to www.DVAuction.com as they become available.

INTERNET BIDDING:

DVAuction

If you are unable to attend the sale for any reason, you can view the sale live and bid on lots via the www.DVAuction.com website. Lot videos will be available for viewing in advance and during the sale. Internet buyers must create an account and request a buyer number prior to sale day (no charge.) If you choose to use this service visit www.dvauction.com or contact Heather Soukup at 402-681-0577 for more information and support.

LIABILITY:

All persons attending the sale and related functions do so at their own risk. SHB Angus and Gardiner Prime Angus Ranch, their staff or representatives assume no liability, legal or otherwise, for any accidents or injuries that may occur.

2026 SALE CO-HOSTS:

Dear Friends and Fellow Cattlemen,

We would like to extend a warm welcome to each of you for our **3rd Annual Bull Sale** being held at our ranch. It's been a privilege to serve you and to work alongside so many great cattlemen over the years. We're proud of the relationships we've built and we're grateful for the trust you've placed in our program.

The 2026 sale bulls feature the deepest, most uniform set of bulls we have ever offered. These bulls are backed by a cow herd with generations of maternal strength and real world performance, cattle built for consistency and long-term returns. This offering reflects the direction of our program and provides excellent value in today's cattle industry, whether your goals are strengthening maternal value or adding pounds and uniformity to your calf crop. We are confident you will find cattle to fit your operation.

At **SHB**, we are involved in every phase of cattle production, from seedstock development to commercial cow-calf operations, as we both grow and finish cattle in our feedlot. This allows us to experience firsthand the critical importance of genetic selection. Our confidence in our genetics reflect our commitment to purchasing back **SHB Sired Calves**, which have proven exceptional performance in our feedlot.

We'd love for you to tour the ranch and see our operation firsthand we're confident you'll be impressed by the quality of our genetics.

We would also like to thank you, **Our Valued Customers**, for your continued friendship and support of our program.

We look forward to seeing you on sale day.

Sincerely,

SHB Angus

We got a tip on this sire before he sold as a yearling, and his undeniable power and presence, coupled with his phenomenal data package, convinced us that we needed to own the bull. He's been all we expected and more, he is one of those bulls that has looked great at every stage and on every day, and his progeny are proving him to be a prepotent sire of low birthweight, high performance cattle, with great carcass traits. And the best part is, he's not just a "numbers" bull, the cattle look consistently stout and powerful, with his first crop of sons rising to the top as favorites. One of only two daughters from his first calf crop was chosen as the Pick Of the 2023 SHB Heifers that we donated in last year's sale to help with the medical expenses for the Dain Rad family. Deep, wedge-shaped, and with perfect udders, the females may yet be the bull's strongest attribute. You'll see him used more heavily going forward in our program!

We bought into the Baldridge Versatile bull when he sold for \$250,000 in 2021, joining a syndicate of Angus breeders. He has proven to be a good investment, with his now progeny proven EPD's showing him to be a calving ease bull with strong growth, and breed-leading Docility and Marbling, ranking in the top 1% for both traits. As an added bonus, possibly his best attribute will be the females he sires, with his first calved daughters impressing all who've used him with their gentle natures, and with their perfect, well attached udders, with small teats.

Leading the 2024 Sitz Angus sale, Eternity impressed many astute breeders with his captivating presence, impeccable structure, and flawless feet. If you are seeking style, performance, and extension in a killer look, set your eyes towards Eternity. Backed by the maternal matriarch 200B, use Eternity with confidence to elevate your herd with maternal performance. Boasting an actual PAP score of 37, Eternity is the high elevation, power bull to take your herd to the next level.

RANCHER TESTIMONIAL

February 5, 2025

SHB Bulls have been our go-to TOP choice of bulls to become a part of our breeding program that we have been purchasing since 2018. SHB's love for superlative genetics, exceptional husbandry, and the value of motherhood of their cattle has helped us carve our herd in the profitable direction we have been successful in obtaining. SHB Bulls are docile and have a much-appreciated demeanor not to forget impressive confirmation and calving ease. SHB bulls have proven themselves in our operation with great stamina, fertility, performance, and quality calves. The annual SHB Bull sale is one sale we don't miss and encourage you to see for yourself.

Solid growth numbers in this son of our high-growth Virtue herd sire, with a Sitz pedigree top and bottom.

RANCHER TESTIMONIAL

We have been using SHB bulls since 2012. Currently, half our bull battery are SHB bulls. We run in big steep country, the bulls hold up and get the job done. SHB has been purchasing heifers back from us, making replacement heifers out of some, and the ones that get finished have consistently graded 60% Choice 40% Prime. I call SHB bulls efficient, not chasing fads, but getting a complete package. Cow makers, carcass ability, and growth. SHB will also be very active in bidding on cattle sired by SHB bulls. That tells me they have the confidence in the product they are selling.

RANCHER TESTIMONIAL

Purchasing SHB bulls have improved our heifer program. Beginning with the low birth weight calving ease, the vigor in the baby calves is quickly followed by steady growth and consistent weaning weights.

For us, just as important as the quality bulls we buy, is doing business with a quality outfit like SHB. We've enjoyed getting to know Ed and his family.

Heckman Cattle Company

Dion Heckman

www.gardinerprimeangus.com

Hello and welcome to Gardiner Prime Angus. We are happy to partner with our friends at SHB Angus for our third annual bull sale. Both of us are strongly committed to herd improvement genetics in the traits producing market profit at time of sale. Solid breeding takes a lot of the guesswork out of it.

Over these years, we have been using bulls with good EPDs for calving ease and growth and we also kept a lot of carcass quality in the mix because those, down the chain of things, are what pay the bills. Better calves are coming from these selections. As a customer told us over the Christmas holidays, the calves from their GPAR bulls in the past several sales have grown "like weeds" so that they "had to do first vaccines younger so they fit in the calf chute."

We have come to recognize that a big factor in the profitability of the operation is cattle that don't fall out of the system because of bad feet, bad udders, or bad dispositions that as a practical matter reduce or even eliminate the advantage of those good EPDs. We focus on "\$Maternal" here, or "\$M," one of the Association's newer multi-trait \$Value indexes. Before \$M, the only index specific to the cow-calf producer was \$Weaning, which was of limited value because while it addressed birth weight, weaning weight, maternal milk and mature cow size, it did not address heifer pregnancy, foot conformation or docility which \$M includes along with each of the \$W traits.

We are finding that the \$M index helps sort through bulls that may have very similar numbers for Birth Weight, Growth and Milk, but may have dramatically different EPDs for Docility and Foot Quality, to name a couple of important ones. In our experience, the bulls that have a complete, no-holes EPD profile will possess very high rankings for \$M, and particularly that those bulls with poor Foot Quality EPDs will drop noticeably for \$M, even if they possess excellent Growth and Milk EPDs. This shows us that high number bulls and cows can prove disappointing if they don't last for more than a few breeding seasons due to foot problems or teat and udder deficiencies.

What is exciting to us at GPAR is that even before the advent of \$M, we were selecting for the traits it is composed of, without ignoring the fundamental Angus qualities of low birth weight, high growth and marbling. That is why we are so enthused about the \$M index -- it rewards the correct traits. Our bulls selling in our sale this year are an excellent reflection of that.

Come visit us at GPAR any time, or on-line at www.gardinerprimeangus.com, or just call to talk cattle. We look forward to seeing you at the third annual SHB/GPAR bull sale on March 13!

Reality caused widespread excitement when ABS Global outlasted all other bidders to make him one of the 2022 season's top sellers at \$150,000! He has more than lived up to the high expectations set for him that day, siring phenotypically good cattle that go on to perform and top sales in their own right, with many sons going into purebred herds and A.I. studs. We love the overall quality in the cattle, and look forward to his daughters entering the herd, with his extreme improvement for Teat and Udder quality and their easy-fleshing, soft yet stout look.

With super calving-ease, great feet, top carcass traits, and a stout muscular look in his sons, Comstock is proving to be a real breeding bull. He also ranks in the top 1% for \$Maternal, and his sons are finding their way into bull studs as well. To quote what ABS Global says about Comstock: "If you find a bull that puts more together in person and on paper, you'd better use him!" The Association is going to release a Functional and Longevity EPD this spring, and preliminary data indicates Comstock will be among the breed's leaders.

WOODHILL COMSTOCK :: SIRE OF LOTS 74-75

SITZ DIGNITY 599J :: SIRE OF LOTS 87-89

day, we found a lot of cattle we liked a lot, but none more than the pen of Resilient sons. And in that pen one calf kept standing out, with his smooth, stout, clean, and muscular look. Upon investigation, he turned out to be the natural son of 53F! Following the bull on, when he sold to ABS Global that March, we were among the first to incorporate him into our program. Now with over 500 progeny on record, he is proven to be a breed changer for foot improvement, fertility, and muscle, and is well into the top 10% for the \$Maternal index. Given his sire's breed-leading Preliminary Research EPDs for udder and teat quality, and his dam's own ideal udder structure, we feel confident that he will be an udder improver as well.

CONNEALY CLARIFY 26L :: SIRE OF LOTS 76-79

like most current Angus sires he does a good job of combining calving ease and growth traits, plus he substantially moves the fertility traits in the right direction as well. Where he really starts to separate himself from most of the bulls out there, are his Foot EPDs, his carcass EPDs, and the combination indexes the breed has started to offer: \$Energy, \$Maternal, \$Grid, \$Beef, and \$Combined. And we're looking forward to the official rollout of the now-preliminary udder and teat EPDs, with his parentage we're confident he'll be very strong there as well. All of this comes in a very eye-appealing, sound, deep-bodied and stout visual package.

Twin to Lot 88, he's not very big yet but he'll do fine. Their mother raised them both.

MAKE YOUR CATTLE STAND OUT

You've made a significant investment in your genetics, but does the market recognize that? Stand out by differentiating our cattle with AngusLinkSM programs: the Genetic Merit ScorecardSM and AngusVerifiedSM.

ANGUSLINKSM
**GENETIC
MERIT
SCORECARDSM**

The Genetic Merit Scorecard gives buyers the confidence they need to pay more for your quality calves.

**ANGUS
VERIFIEDSM**

AngusVerified validates your calves are sired by registered Angus bulls and make your cattle stand apart from other black hides on sale day.

Users of AngusLink programs earn **\$13-15/CWT PREMIUMS** on average. Give us a call, and learn how to claim your competitive edge with AngusLink value-added programs.

ANGUSLINKSM
VALUE ADDED PROGRAMS

ANGUSLINK.COM | 816-383-5100

The Genetic Merit Scorecard and AngusVerified are administered by IMI Global.

This image shows a single page of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There is no handwriting or printed text on the page.
